Freds Sands Realtors' Pacific Rim Division Celebrates 2nd Anniversary at ASIANVEST in Tokyo

Fred Sands Realtors' Pacific Rim Division marked its second anniversary at the recent ASIANVEST Conference and Exposition held at the Tokyo Trade Center by sending Christine Lee Watt, manager of Fred Sands Pacific Rim Division, and Mike Kerr, assistant manager of Fred Sands Commercial Brokerage, to strengthen the company's business relationship with the top real estate companies in Japan. Fred Sands Realtors was the only major West Coast real estate brokerage company to participate in the three-day ASIANVEST show, which provided an opportunity for Asian real estate investors, developers and bankers to meet with American real estate companies in a spirit of learning and business cooperation.

Representatives from more than 600 Asian companies representing Japan, Hong Kong, Singapore and Taiwan visited the Fred Sands Information Center which featured a display of some of Fred Sands current listings and a special "Preview of Homes" video program produced in Japanese especially for the event.

During ASIANVEST, Mike Kerr and Christine Lee Watt met with Mr. Hideo Edo of Mitsui Real Estate Co., who is known as the "father of Japan's real estate industry."

Fred Sands exchanges business cards with the general manager of Mitsui Real Estate Co., one of Japan's largest real estate companies.

In Fred Sands Realtors Information Center at ASIANVEST in Tokyo, Christine Watt discusses "Preview of Homes" video while Mike Kerr confer with visitors.

Mike Kerr explains the services of Fred Sands Pacific Rim Division at ASIANVEST.
